The original version of the article contained an error in the Acknowledgments statement. The corrected version of Acknowledgments is as follows. The authors would like to apologize for any inconvenience caused.

Original version

We thank Dr. Eunsook Park (University of Wyoming) for the kind gift of the organelle-specific marker recombinant plasmids. This work was carried out with the support of “Cooperative Research Program for Agriculture Science and Technology Development (Project PJ01317502)”, Rural Development Administration, Republic of Korea and the support of National Research Foundation of Korea (NRF) funded by the Ministry of Education (Project No. 2019R111A1A01060721, Basic Research and No. 2018R1A5A1023599, SRC). C.S. is supported by the Research Resettlement Fund for New Faculty and Creative-Pioneering Researchers Program through Seoul National University.

Corrected version

We thank Dr. Eunsook Park (University of Wyoming) for the kind gift of the organelle-specific marker recombinant plasmids. This work was carried out with the support of “Next-Generation BioGreen 21 Program (Plant Molecular Breeding) (Project PJ01317502)”, Rural Development Administration, Republic of Korea and the support of National Research Foundation of Korea (NRF) funded by the Ministry of Education (Project No. 2019R111A1A01060721, Basic Research and No. 2018R1A5A1023599, SRC). C.S. is supported by the Research Resettlement Fund for New Faculty and Creative-Pioneering Researchers Program through Seoul National University.
